

BRIEF QUESTIONNAIRE FOR WASTEWATER TREATMENT PLANTS REGARDING PROJECT DETAILS

Our customer is kindly asked to inform us about most important project details under consideration of following important basic items:

1.	General background information of project (public tender / project study, intended project etc.)
2.	Country, name and place of project (country, town, region etc.)
3.	Investor of project (public investor, private investor)
4.	Current status of project (running public tender, private investment, future project etc.)
5.	Proposed period of realization (urgent, proposed year of realization etc.)
6.	Requested life-span of the future wastewater treatment plant <input type="checkbox"/> long-term project (> 20 years) <input type="checkbox"/> temporary solution for approx. years
7.	Favoured kind of plant-structure <input type="checkbox"/> concrete construction of tanks and buildings according to Biogest-design <input type="checkbox"/> containerized structure (plug & play)
8.	Future plant load (no. of connected inhabitants, if possible: calculated p.e., etc.)
9.	Origin of sewage (domestic areas, industrial or mixed origin)
10.	Kind of sewer network (collecting pipe system within the town area) <input type="checkbox"/> separated sewer system (rain water is separately collected, discharged and not connected to the future wastewater treatment plant) <input type="checkbox"/> combined system (sewer-network is designed for wastewater and rainwater) <input type="checkbox"/> sewer-network currently not existing, will be realized in future <input type="checkbox"/> kind of sewer-network not known
11.	Quantity of wastewater / sewage at <u>dry weather</u> conditions (average figures are enough) m ³ /day (proposed daily flow – not considering rainy weather) m ³ /hour (expected peak load at dry weather conditions)

20.	Proposed treatment of biological excess sludge (sludge results from biological treatment process)
	<input type="checkbox"/> unknown demand – will be identified later <input type="checkbox"/> Biogest shall propose a suitable solution <input type="checkbox"/> sludge shall be thickened, stored and frequently transported away by truck <input type="checkbox"/> sludge shall be stored and dewatered by a press up to % dry matter
21.	Available land space (size of the available plot of land, special conditions)
	<input type="checkbox"/> unlimited situation <input type="checkbox"/> only m ² (square meters) are available length: m width: m
22.	Distance of WWTP-location to housing areas
	<input type="checkbox"/> unknown – currently not decided <input type="checkbox"/> average distance is m
23.	Electrical supply conditions (voltage, cycles, available power)
	V frequency (Hz)
24.	Other important information (special requirements, other facts and figures)
	<input type="checkbox"/> no additional requirements known <input type="checkbox"/> following conditions shall be considered
25.	Requested conditions for quotation
	<input type="checkbox"/> quotation shall be submitted as soon as possible <input type="checkbox"/> we expect the quotation not later than <input type="checkbox"/> please send your quotation in following language: <input type="checkbox"/> German <input type="checkbox"/> English <input type="checkbox"/> <input type="checkbox"/> please forward the quotation by e-mail to following address:

Thanks you for your time and assistance. The quotation will be prepared and submitted according to your requirements. If any questions arise, please contact Biogest International GmbH by phone: 0049 351 31686-0 or e-mail: info@biogest-international.de

..... (Place and Date) (Name of person, who filled in this questionnaire)
